ANKIT SONGARA

Full Stack Developer | Python, PHP, Django, MySQL | MCA Student

+91 7724821877 ankitsongara122@gmail.com LinkedIn GitHub

EDUCATION

School of Computers, IPS Academy, Indore **2024-2026**

Master of Computer Applications ***7.60 CGPA***

Daksh Academy, Dhar **2021 - 2024**

Bachelor of Computer Applications ***7.92 CGPA***

TECHNICAL SKILLS

Programming Languages: C, C++, Python, PHP

Web Technologies: HTML, CSS, JavaScript, Django, MySQL, Core PHP

Libraries and Frameworks: Bootstrap

Tools & Platforms: Git, GitHub, Visual Studio Code

Other skills: Problem Solving, Multitasking

KEY ACHIEVEMENTS

Lear Next Hackathon

Designed and developed *"Hostel Hunt"*, a full-stack web application to streamline hostel accommodation management, improving efficiency and user experience.

PROJECTS

- **Coach Link Web App: HTML, CSS, JS, PHP, MySQL**
  Engineered a role-based platform where tutors manage courses and students explore, enroll, and interact through a structured and intuitive interface.

- **Expense Web APP: HTML, CSS, JS, PHP, MySQL**
  Built an expense tracking solution to record, categorize, and analyze spending patterns, enabling users to maintain better financial control.

- **Hostel Hunt Web App: HTML, CSS, JS, Python (Django), SQLITE**
  Delivered a full-stack application for hostel discovery and booking, incorporating efficient data handling and a user-friendly interface.

- **Tour & Travel App: HTML, CSS, JS, PHP (core), MySQL**
  Developed a trip management platform focused on simplifying travel planning, booking, and itinerary organization.

CERTIFICATIONS

- Internship in Web Development - Successfully completed a 1-month Web Development Internship at Vault of Codes.
